function

Weight sensor integrated with arduino

You can select a sticky note

sketch] icon to start drawing!

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

Reduction in collection costs

Iot helps to identify the empty trash bins

Transparency on waste situation increase efficiency over time

Iot solution uses the data& selects routes

notes to make it easier to find, browse, organize, and categorize important ideas as

themes within your mural.

Waste collection trucks,leads to pickup

Data analytics canhelp assess trends to better plan

Prioritize

0

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

Data Using ultrasonic analytics to sensor and understand GPS the usage Importance If each of these tasks could get done without any difficulty or cost, which would have the most positive

Participants can use their cursors to point at w re sticky notes should g on the grid. The facilitat confirm the spot by ing the laser pointer hot g the

to share with members of your company who might find it helpful.

Share the mural Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

You can export the mural as an image or pdf

After you collaborate

Quick add-ons

Export the mural

Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.
